Sub: Requisition to conduct one credit course Art of doing research cum
Internship training - Reg.

We signed a Memorandum of Understanding (MOU) with NOOBTRON PVT LTD., in the month of August 2022. In accordance with the MoU, they are providing one credit course plus internship training to our third-year students. So, in the first week of November, we planned to offer a one-credit course called Art of doing research to our third-year students. This is a two-month course that takes 45 hours to finish on the basis of 12 hours of offline training (2 weeks) and 33 hours of online training (4 weeks). The offline classes include a 2 hour daily and 6 hour weekly schedule (3days). In this course, the students are divided into 90 batches, with 4 students in each batch. All batches are assigned a faculty member to serve as a guide. Every faculty member is welcome to take this course and learn.

This course will help students with their research projects and may also lead to placement opportunities. This course has piqued the interest of 360 students. The fee structure of the course is Rs.3,000 per student. In this sum, Rs. 200 per student is deducted for administrative costs associated with running this course, leaving Rs. 2800 per student to be paid to NoObtron Pvt. Ltd. Previously, this internship helped a lot of our students. It offers student a chance to learn new skills while also exploring and developing their profession. It also helps in develop the writing skills for technical tasks and research papers. After completing this one credit course, students are free

to conduct independent research, work on projects, and publish their papers in numerous reputable publications. By taking this course, we can boost the student research paper publications. This course not only promotes publication but also provides practical experience in conducting original research. For our research and the advancement of our college, it will be very helpful. Please provide authorization for the one credit course to be taught at our college.

Benefits of the course:

- Gaining experience in project management and exploring unknown techniques
- Improving scientific writing skills
- Gaining experience in working in a team
- Studying abroad for free on a merit basis for an MS/Ph.D/Post Doctorate Fellowship
- Scientific weightage in resume
- NAAC/NBA ranking upgradation in R&D
- NoobTron International Research certification.

Budget of the course:

| S.No | No.of Students | Fees per student | Total amount |
|------|----------------|------------------|--|
| 1. | 360 | Rs.3000 | Rs.10,80,000 |

Summary:

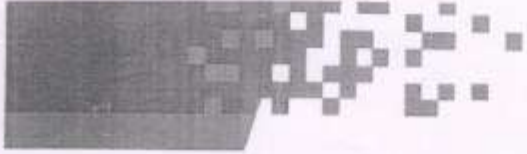

Mr.S. Sivasankar, Ms.M. Ramya and Ms. Akshaya sri are the resource persons who have shared their experience and have given hands on training on **algal for future and bio automation.**

The way to approach natural surroundings with the mindset of abstracting solution from it was clearly explained during the session.

Further, quite a lot of insights were been discussed like sectors that requires much attention to as well as the available open – handed opportunities that can be availed in the same. Mostly the basic criteria one should attain before stepping on to the firm-based zone.
