## **EYE CHECKUP PROGRAMME**

NATIONAL SERVICE SCHEME(NSS) has organized the camp Eye checkup programme on 08.12.2023 for the school students and village people in karumanur village. Dr.Sowmya handled the session Eye checkup programme for the school students and village people. She states that eyes are very sensitive organs and with regular eye screening it becomes possible to detect conditions like refractive errors, poor vision and any other kind of abnormalities that exist. With regular eye checkups it will be possible to know about any of the underlying eye conditions before hand it does any damage. When found early, issues can be treated and the condition can be contained.

After the programme the students understood the importance of eye checkup and awareness about eye care . About 55 students have taken part in it. The camp started at 10.30 am and ended at 3.00 pm.

## **DENTAL AWARENESS PROGRAMME**

National Service Scheme (NSS) of our college conducted a ‘Dental awareness’ at Unjanai village on 12.12.2023. This programme had started from Government Primary School and ended in the same school.

Primary prevention is the most effective measure in Dental prevention and control. The objective are to determine the level of knowledge and practice of dental control amongst the study community, and to explore the factors affecting practice of dental control in the study area.

Nearly 90 students took part in the Dental awareness. The programme was inaugurated by Dr. S. Mageswari, NSS co-ordinator and the Panchayat President of Unjanai.

## **RAIN WATER HARVESTING AWARENESS PROGRAMME**

On December 12, 2023, the National service scheme (NSS) cell organised a camp for government primary school students in Unjanai village. Saving rain water can be of tremendous help to the public. The methods of rain harvesting are very simple and can be practiced by anyone. The volunteers demonstrated the various methods that can be used to save rain water. The awareness programme largely benefitted the students as well as the village people of Unjanai. The event came to a close around 12PM.

## **DENGUE AWARENESS PROGRAMME**

This camp had been organised in the premises of Nallipalayam for the public in the village. A team of nurse and a doctor camped in the villages from morning to evening and examined the public. The role of education in college based on the cleanliness. We were asked to identify areas where mosquitoes breed at our campus and clean them. Based on the areas given to us, We started from the chapel, then around auditorium. We sprinkled bleaching powder around the place with stagnant water. We were proud to not find any form of garbage or trash around the campus. Our campus was clean and well maintained that we didn't have the work on picking upon cleaning unwanted waste. The new experience and informing us the seriousness of dengue virus. Most of the areas allotted to us were clean and tidy. We found stagnated water near juice corner and we sprinkled disinfectant to prevent the breeding of mosquitoes. We also created awareness among the students about the importance of cleanliness to prevent dengue. We worked on a dengue prevention activity to ensure cleanliness and avoid mosquito breeding in our campus. We identified mosquito-breeding areas and cleaned them. By this activity we identified many mosquito breeding places and we also cleaned the places. Dengue fever has become a threat to the country especially during the rainy seasons. In order to facilitate the curbing of this disease, involved in a dengue prevention activity inside the college campus. They were provided with disposable gloves, masks and disinfectant. They also sprinkled disinfectants on the ground and places where complete removal of carton was not possible (bleaching powder). More than 55 participants of NSS volunteers took part in the dengue awareness programme. The awareness programme started at morning 9:00 am and ended at 3:00pm in the evening.
